TEST ENVIRONMENT

ImageNow 6.7 Client Installation - Upgrade **Test Environment**

Download the client installation file at the following link:

<https://docs.google.com/a/maine.edu/file/d/0B7vCcStCLM4iZmZsT0JiSIJsNmM/edit?usp=sharing>

- Make sure to save the client installer to an easily accessible location
- The installer file can be deleted once the upgrade/installation is complete

Launch the client installer:

- For Windows Vista, 7, and 8: Right-click on the file downloaded in the previous step and select "Run as administrator"
- For Windows XP: Double-click on the file downloaded in the previous step

If an *Open File - Security Warning* window appears, click on *Run*
